SPECIAL EDUCATION PARENT ADVISORY COUNCIL

The mind is not a glass to be filled rather a lamp to be ignited. (Plutarch)
Its precious flame needing many hands to keep it steady even through the storm.

Our Mission:

- * To foster a partnership with parents and the community to ensure that all — students that require specialized — instruction become life-long learners, critical thinkers and socially responsible citizens who contribute to a diverse community.
- * The members of this volunteer group will work in conjunction with the dedicated staff of teachers and administrators to ensure that all students are able to access the high-quality, comprehensive education and educational services that APS has to offer.
- * To help parents/caregivers connect with one another in a supportive, transparent, inclusive manner that encourages an atmosphere of effective open communication amongst students, parents, educators, school administration and the community at large.
